President, New Hill Community Association
2108 New Hill – Olive Chapel Road
New Hill, NC 27562

Dear Mr. Barth:

We appreciate your contacting us about wanting to participate positively in the Western Wake Regional Wastewater Management Facilities process. As we have stated in the past, the process is governed by the State of North Carolina; we encourage you to work with the State to participate in their process.

Regarding consideration of alternate sites, there are no meetings planned for discussion of this topic. The Policy Committee, which includes: Apex Mayor Weatherly, Morrisville Mayor-Elect Faulkner, Holly Springs Mayor Sears, myself, and the town managers of the four municipalities, meets as needed to discuss any issues regarding this project. Notices are posted to inform the public of these open meetings, and you are welcomed to attend these meetings.

Thank you for your interest. Visit the Web site at <http://www.westernwakepartners.org/> to learn of project developments and updates. Once again, we encourage you to work with the State to be involved in the process.

Sincerely,

Ernest F. McAlister
Mayor
