

# WESTERN WAKE PARTNERS

---

July 29, 2005

Mr Paul Barth  
President, New Hill Community Association  
2108 New Hill – Olive Chapel Road  
New Hill, North Carolina 27562

Dear Mr. Barth

This letter is a follow-up to my June 30, 2005 response to your letter of June 24, 2005.

The portion of the Preliminary Engineering Report (PER) which describes the site selection process has been posted on [www.westernwakepartners.org](http://www.westernwakepartners.org), listed on the Overview page at the end of the Reports section as "Water Reclamation Facility Site Selection, Preliminary Draft PER Technical Memorandum No. 05". Please note that this Preliminary Draft has been submitted to NCDENR as an attachment to the Environmental Impact Statement (EIS) for the Western Wake Regional Wastewater Management Facilities. The first step in the NCDENR review is an internal staff review of the EIS and supporting documents. The EIS review process is also described on the website. This document, along with the FAQs and other information on the website, addresses the site selection issues raised in your letter.

As we discussed this afternoon, we will have our project files ready for your review at 1:00 pm on Tuesday, August 2.

If you have any further questions, please call me at 469-4092.

Respectfully,

Robert K. (Kim) Fisher, P.E.  
Director of Public Works and Utilities, Town of Cary
