Hon. Keith H. Weatherly, Mayor
Town of Apex
P.O. Box 250
Apex, NC 27502

Re: Resolution Regarding West Regional Wastewater Reclamation Facility

Dear Mayor Weatherly:

I have received the resolution from the Town of Apex regarding the siting process for the West Regional Water Reclamation Facility. Let me say that we appreciate the concerns expressed in this resolution and, as I think has been documented, have addressed all of them in the documentation materials given to the Town of Apex and that have been made available on the project web site. Staff and consultants also provided a comprehensive review of all of these issues in a general information meeting attended by elected representatives of all the partners, the respective town managers and representatives from Wake County. The result of this review was a consensus that the siting process was not flawed and that there was no valid reason to revisit this issue.

Given these actions and the comprehensive review of the issues related to the site selection process and site decision, we do not see a need to provide further analysis of the siting decision. To do so would be costly, time consuming, harm the project schedule and not be in the best interest of the rate payers that we serve.

Again, we appreciate your concerns. We sincerely believe that the site selection process and its result were not flawed. We value the partnership of the Town of Apex and look forward to moving ahead with this project to its completion by the deadline established by the State of North Carolina.

Sincerely,

Ernest F. McAlister
Mayor
